Hi emmastudent,

Now that you've created a Cloud9 account, you can choose a password.

Once you've set it then you can also connect Github or Bitbucket and sign in with those but first thing's first...

Set Your Password:
<https://c9.io/auth/password/9cODrAd5Km0J0Wr7cUp3>

Happy coding!

Brady Dowling
Customer Happiness Engineer, Cloud9

P.S. For future reference: your username is emmastudent

You will be able to access your workspace
for free after the course
